TO OUR PATRONS

In presenting to our patrons our price list for the Fall 1901, we wish to thank them for past favors, and solicit a continuance of same. We shall endeavor to maintain our reputation for fair dealing, and to give our personal attention to all orders entrusted to us, so that the stock we send out shall reach the purchaser in good condition and be satisfactory. Our stock of trees for this season is exceptionally fine, and we are confident that we can please all those who place their orders with us. It is a rule of this establishment to send out no tree or plant which we would hesitate to plant ourselves.

Shipping.—Being located on the Pennsylvania and the Philadelphia and Reading railroads, we are enabled to ship promptly and with despatch. When specific shipping instructions do not accompany an order, we use our judgment as to the best route. After delivery to the forwarders, all articles are at the risk of the purchaser.

Packing.—Packing will be carefully done in boxes or bales, and delivered free of expense at our freight station; charge being made for only actual cost of material used in packing.

Terms of Payment.—Cash or satisfactory security on delivery or shipment of orders to unknown correspondents.

Visitors.—Parties are cordially invited to visit our Nurseries and inspect the stock. The Chestnut Hill trolley passes our office door at Germantown and Gowan Avenues. We are also only a few minutes' walk from both Mount Airy station, on Chestnut Hill Branch of Philadelphia and Reading Railroad, and Allen Lane station, on Chestnut Hill Branch of Pennsylvania Railroad.

Inspection.—Our Nurseries have been inspected by an authorized agent of the Department of Agriculture of the State of Pennsylvania, and we hold a certificate to the effect that "the stock is free from the presence of San José Scale, West Indian Peach Scale, Black Knot, Rosette, Yellows, or other injurious insects or diseases that might be transferred on nursery stock from the nursery to the orchard or garden."

Gardeners.—We have on file a list of competent and reliable gardeners awaiting engagements. Parties needing gardeners will probably secure better ones through us than on their own responsibility. We make no charges, our only wish being to assist our customers in what is often a difficult matter.
